

Future Leaders HSCP Development Programme

SELECTION CRITERIA

- Participants must have responsibility for leading and managing people in their current role and/or be responsible for leading in a clinical area or team (i.e. in the context of clinical programmes)
- The programme is open to Health and Social Care Professionals Senior Managers/leaders in their area.
- Participants must be prepared to actively engage in the programme, making a commitment to attend all modules, complete any project work, work as part of a team and actively seek to implement learning.
- During the course, all participants will be required to devise and complete a new personal development plan in the light of new learning on the programme.
- All participants must demonstrate a track record to commitment to personal development.
- Participants will be selected according to their ability to demonstrate their capacity to apply the learning throughout the programme.
- Participants will require the support of their line manager in terms of both release to attend the course and support around implementing new learning and project work.
