### **..to the CPD Section of the IICMS website.**

This is your one stop shop for CPD and is available to IICMS members only.

- In this area you will be able to undertake a number of activities from something as basic as changing your membership details and/or your password to creating a Personal Development Plan using the e-portfolio. Linked to this plan you will also be able to plan your Continuous Professional Development and capture the impact of this CPD on your practice. You will then be able to extract this data for other purposes. This could be for your annual appraisal meeting or for submitting your annual CPD returns. It will include a list of all available CPD Events and Conferences.

- It will include copies of all IICMS Newsletters and you will have access to all presentations from CPD events.
